

The Poolside Spritzer

Our friends at Tea Vibes have shared their exclusive and delicious tea cocktail recipe with us, using one of their fan-favorite tea blends, Poolside Vibes: a sencha green tea infused with watermelon/basil/lime and exclusively part of The Pillar Life T-TOX by Tea Vibes!

Follow the 4-serving recipe below and start feeling the vibes this Labor Day weekend!

1. Grab your favorite sparkling wine, champagne, vodka, gin, or tequila...and some sparkling water!
2. Boil 8oz. of water
3. Add 2 heaping teaspoons of Poolside Vibes to your favorite brewing accessory
4. Steep for the extended time of 10 minutes (this extended time allows the tea to become a concentrate)
5. Fill your favorite tall cocktail or wine glass to the top with ice
6. Add 4oz. of sparkling water over the ice
7. Then pour 4oz. of champagne (or 1.5 oz. of your preferred alcohol/spirit) into the glass
8. Top your glass off with 2oz. of your Poolside Vibes tea concentrate

Give the cocktail a subtle stir and you have an ever so refreshing cocktail, perfect for sipping by the pool...or your happy place!
